Coverage on Rurals

I want to take this opportunity to commend AWH for the excellent coverage of rural hospitals in the September/October issue of *Hospital Forum*. Rural hospitals are unique and an essential ingredient of rural communities. As a rural administrator, I'm committed to the survival of rurals in the 80s, and our representation on various local, state, and national advisory panels.

Jack Waller
Administrator
Del Puerto Hospital
Patterson, CA

Thank You, Don Carner

With a flash of silver at the temples, Don Carner continues to add to each of us who strive for doing more better . . . and enjoy the process. Congratulations on "Carner's Codes," and thank you very much.

John H. Schill
Chief Operating Officer
Fort Sanders Management Group
